### Safe & Caring

- Cohorts: This year we cannot have co-teaching as students will stay with their class for the day. Options will be different in middle school as well.
- Hand sanitizer and spray sanitization provided by the division.
- Division hired a cleaner to clean the high touch points of the school during lunch.
- Parent/Student Handbook is a great resource when wondering about new processes.

### Professional Development

- We no longer have Monday Embedded Professional Development. So that means our school day ends at 2:57pm.
- We will be setting our professional development plan here shortly based on our School Improvement Plan

### Renovation Update

- We should have access to our 5 new classrooms on Sept. 17. Gr. 1S, 2F, 4P, Gr. 6(1) and 6(2).
- The Learning Commons will now be in the Yellow, Blue, and Green Pods.
- Staff parking lot is complete. We added 22 more spots.
